BOARD, COMMITTEE OR COMMISSION DESIRED: Flood Control Board

STATEMENT OF INTEREST AND/OR QUALIFICATIONS:

- I would like to contribute to the administration of my local community into which I have recently moved.
- I believe participation by community residents strengthens the fabric of our community.
- I grew up on a 20,000-acre ranch where flooding brought much needed environmental and economic relief after periods of drought, but it often came with destruction, damage and loss. As a result of my past, I am intimately familiar with flooding and water management and the importance of planning, neighborly communication and cooperation.
- I believe the environment is changing and flood planning must be considered in this light.
- I think communities such as Corte Madera need to monitor closely and manage the impact of evolving federal government policy on Flood Insurance, as changes made to address issues in low-lying East Coast states will likely impact all FEMA designated Flood Zones.
- Qualifications: MBA (University of NSW), BA (University of Canberra), lifelong interest in geology
- Occupation: Vice President, Professional Services, BetterCloud, Inc.

STATEMENT REGARDING KNOWLEDGE OF CORTE MADERA AND ANY PAST OR PRESENT COMMUNITY INVOLVEMENT:

BOARD, COMMITTEE OR COMMISSION DESIRED: Corte Madera Flood Control Board

STATEMENT OF INTEREST AND/OR QUALIFICATIONS:

I am a construction lawyer that works on big infrastructure projects like highways, subways, bridges, and dams. I am also a recent resident of Mariner Cove, a FEMA designated flood hazard area. I purchased a home in Mariner Cove in Fall 2016, have loved the area, and am dedicated to its long-term growth and improvement. The first winter I moved to Mariner Cove brought heavy rains to the state. Southern Marin was no exception; mudslides blocked major roadways and low-lying elevations suffered from ponding and flooding near storm drains. The topic of flood prevention was actively discussed by members of our community. I recall watching flood control meetings replayed online to get updates on ongoing and planned projects. My professional experience, interest in responding to climate change, and our family's love of the area make me a good candidate for a position on the board.

STATEMENT REGARDING KNOWLEDGE OF CORTE MADERA AND ANY PAST OR PRESENT COMMUNITY INVOLVEMENT:

As a recent member of the Corte Madera community I do not have prior experience with local government. However, I do have a strong interest in becoming a more active member in my community. My knowledge of Corte Madera area comes from having lived here for two years and meeting members of the community. I also keep informed of local events by reading the Marin Independent Journal.

PERSONAL INFORMATION (How long have you lived in Corte Madera, family size, etc.)

My wife and I family moved to Corte Madera in the fall of 2016. The last two years have been filled with raising our incredibly bright and talented young girl Hattie. As she closes in on her second birthday, I have become more and more driven to making sure the community she grows up in has a sustainable and lasting future.
