PROJECT CONTACT: MARTHA BATTAGLIA, SENIOR PLANNER, mbattaglia@tcmmail.org, (415) 927-5791

NOTICE IS HEREBY GIVEN that the Corte Madera Town Council will hold a public hearing on proposed amendments to three Chapters in the Corte Madera General Plan, which include the Housing Element, Flooding and Flood Plain Management (Chapter 7), and Public Safety and Hazards (Chapter 8). The Town is updating its existing Housing Element as required by State law for the 6th Cycle planning period covering 2023 – 2031. The Housing Element must be updated every eight years to address existing and projected housing needs for all economic segments of the Town. The Safety Element (comprised of Chapters 7 & 8 of the General Plan) is also being updated to comply with recently adopted State law requirements for integrating information and programs related to new wildfire, evacuation routes, and climate adaptation and resilience requirements. These amendments are all part of the Town’s Housing Element Update Project.

The Planning Commission held a public hearing on the Housing Element Update Project on May 23, 2023. The Planning Commission adopted a Resolution recommending that the Town Council adopt the 2023-2031 Housing Element Update and the amendments to the Safety Element. The Planning Commission made two recommended changes to the Safety Element, which included adding a new implementation program to Chapter 8 related to disaster preparedness and evacuation for renters of short-term rentals and revising Chapter 8 to incorporate the comments received by the California Geological Survey of the Department of Conservation on tsunami hazards.

Pursuant to the California Environmental Quality Act (CEQA), the Town prepared a Subsequent Environmental Impact Report (SEIR) for the 6th Cycle (2023 – 2031) Housing Element Update Project and associated amendments to the General Plan, including the Land Use Element and Safety Element, and Zoning Ordinance. On January 11, 2023, the Town Council adopted a Resolution certifying the Final SEIR prepared for the Town of Corte Madera 6th Cycle (2023 – 2031) Housing Element Update Project and made findings including adopting a Mitigation and Monitoring Reporting Program. Revisions to the draft Housing Element in response to comments by the California Department of Housing and Community Development (HCD) do not require additional CEQA review. The Town has not made any substantive changes to the draft Safety Element since circulating the draft SEIR.
