WHEREAS, Sanitary District No. 2 of Marin County, a Subsidiary District to the Town of Corte Madera, has adopted an ordinance, pursuant to Section 5470, et seq. of the Health and Safety Code of the State of California, establishing a system for the imposition and collection of a Sewer User Service Charge; and

WHEREAS, said ordinance, which has been codified as Title 21 of "Sanitary District No. 2 of Marin County, a Subsidiary District to the Town of Corte Madera" and of the Town of Corte Madera Municipal Code (hereafter referred to as "Title 21"), provides that all premises within Sanitary District No. 2 (hereafter referred to as "District") connected to the sewer system shall be charged a Sewer User Service Charge to be established by ordinance adopted by a 2/3 vote of the District Board of Directors; and

WHEREAS, the District presently receives approximately 44% of its revenue from property taxes and approximately 56% of its revenue from Sewer User Service Charges billed to customers receiving sewer service from the District; and

WHEREAS, the District is setting the Sewer User Service Charge for the Fiscal Year 2010-2011 under the assumption that the District will continue to receive its pro rata share of the Proposition 13 property tax allocation that it presently receives; and

WHEREAS, the District has published a "Sewer Master Plan" dated August 2009, that delineates both capital maintenance and capital improvements necessary over the next 40 years to allow for the continued operation, maintenance and replacement of the sewer system as required to maintain the desired level of service and protection of the health and safety of the community; and

WHEREAS, the District intends to fund the costs of operation, maintenance, and repair and replacement of infrastructure necessary to maintain the functionality and operation of the District sewer system as set forth by the Master Plan on a "cash basis"; and

WHEREAS, to accomplish said goals, the Sewer User Service Charge must be maintained at its current level to fund these requirements, as set forth in Section 1 below; and

WHEREAS, the District has identified each parcel that is served by the District and will be affected by the proposed Sewer User Service Charges; and

WHEREAS, a "Notice of Public Hearing" to take place on May 18, 2010 at 7:30 P.M. at the Corte Madera Town Hall Council Chambers in order to consider the proposed Sewer User Service Charges as proposed herein was published in two newspapers of general circulation once per week for two successive weeks at least two weeks in advance of the public hearing, posted in three (3) public places within the District on April 1, 2010, and mailed to each record owner of property being served by the District on March 31, 2010, at least 45 days in advance of the public hearing; and

WHEREAS, the notice of the May 18, 2010 public hearing set forth the proposed Sewer User Service Charges per sewer user unit, the basis upon which the amount of the proposed charges were calculated, and the reasons for the charges being proposed; and

WHEREAS, a public hearing was held on May 18, 2010, at which time all protests and objections were considered and there were not written protests submitted to the District before or during the hearing by a majority of the property owners to be affected by the proposed Sewer User Service Charges; and

WHEREAS, the District finds that the Sewer User Service Charges now being proposed do not exceed the pro rata share of the cost placed by each customer upon the District sewer system; and

WHEREAS, the District finds that the total Sewer User Service Charges now being proposed will not exceed the total costs of the District to provide all sewer service to the buildings that will be served.
