

ELI H. BECKMAN

Occupation: Architectural Designer

Education and Qualifications: Having watched Corte Madera's trajectory over the past 25 years, it's clear to me that our town is now at an inflection point: after a difficult recession, we're finally on stable enough footing to invest in our own future. I'm running for Town Council because I want to help our community capitalize on this moment of opportunity.

I believe a secure and prosperous future for Corte Madera starts with three things. First, let's renew our commitment to transparency and fiscal responsibility. Second, let's grow an even more vibrant and durable local economy by investing in local businesses. Finally, with one-third of Corte Madera lying in a floodplain, we must act now to forestall the worst effects climate change will have on our town.

On the Town Council, I'll work with the community to translate our shared values into action on the issues that matter to us all: investing in public services and infrastructure; making local government more efficient and accessible; and protecting the small-town charm we cherish.

I currently serve on Corte Madera's Flood Control Board, and as an Incident Commander in my Neighborhood Response Group—but I want to do more for our community. It would be my honor to serve you on the Town Council.
