### **Check in and Chat:**

**Students SOS our clients need you now! – Volunteer to call & Check in and Chat w/them.**

They are a scared, confused and so very lonely. Some call me every day and ask if our programs are open yet. Then they ask when it will be open. I try to explain that we are closed until the government decides it's safe to reopen. That it will be a few months, but every day they ask the same question again.

It's hard for them to understand how long this could last – heck it's difficult for all of us to understand, let alone accept. There are at least 30 of them who really need regular check-ins. I'm trying, but I just can't do it all. *Please help me.*

We at Rec Inc know this lockdown is hard for you, but our clients are suffering, and you can help with a simple phone call, please. They love all of you so much it would mean the world for you to make the time.
